4	36	247+
ACADEMIES	SUBJECTS	ACCREDITED COURSES

Focused, accredited, enterprise learning that turns individual skills into *business transformation*.

WHO WE ARE

Specialists, not a library.

For over a decade Kubicle has run large-scale skills programs for the world's biggest enterprises. Every course is authored, reviewed and produced in-house, and accredited by CPD, CPE and NASBA.

WHAT WE DO

Role-calibrated academies.

Four focused academies, AI, data, finance and project management, delivered as persona pathways on an enterprise platform with assessments, projects and measurable outcomes.

WHO WE TRAIN

Enterprise teams.

Consulting and professional services firms, finance functions and data-driven teams across the enterprise, from executives to deep specialists.

THE RESULTS

PRODUCTIVITY

Hours back, every week.

Learners free real capacity for higher-value work, whichever academy they trained in.

60%+ save 30 mins to 2 hours every week

ADOPTION

Used every single day.

The difference between training that's watched and training that's worked.

45% apply newly-learned skills daily in their roles

CAPABILITY

Stronger numbers and narratives.

Measurable gains in analytical depth and executive communication.

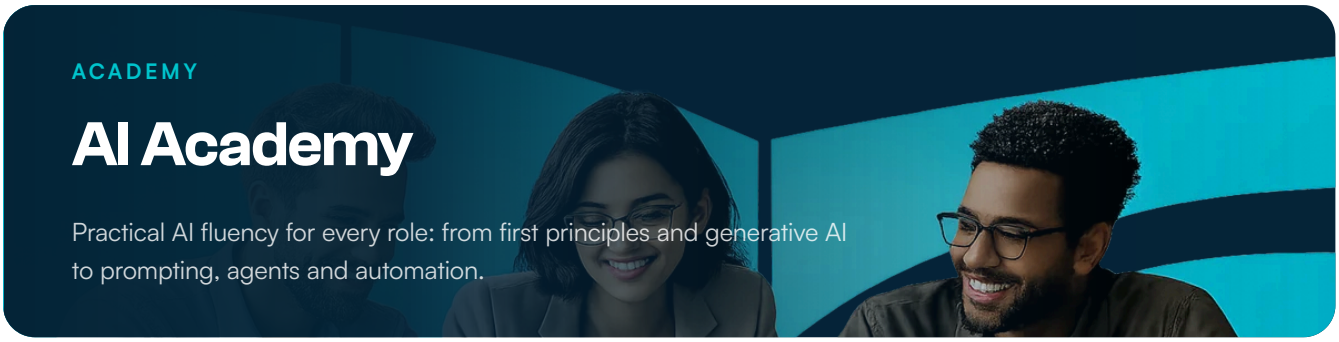

75%+ gain stronger analysis and communication skills

CREDENTIALS

Resume-ready credentials.

Every academy ties to a recognized external credential. All Access covers them all.

14 credential-anchored persona pathways

ACADEMY

AI Academy

Practical AI fluency for every role: from first principles and generative AI to prompting, agents and automation.

The AI Academy takes teams from understanding what AI is to using it every day and governing it responsibly. Learners cover AI and generative AI fundamentals, prompting and tools like ChatGPT and Microsoft Copilot, then progress into agents, RPA and automation, machine learning, and the strategy, ethics and regulation leaders need. Four personas calibrate the depth to each role, from everyday fluency to setting AI direction.

THE PERSONAS

FOUNDATION

AI Apprentice

Foundational fluency. Confident with ChatGPT and Copilot from day one.

OPERATOR

AI Navigator

Applied productivity. Integrates AI into real workflows and agents.

BUILDER

AI Architect

Technical builder. Designs and deploys custom AI systems and agents.

LEADER

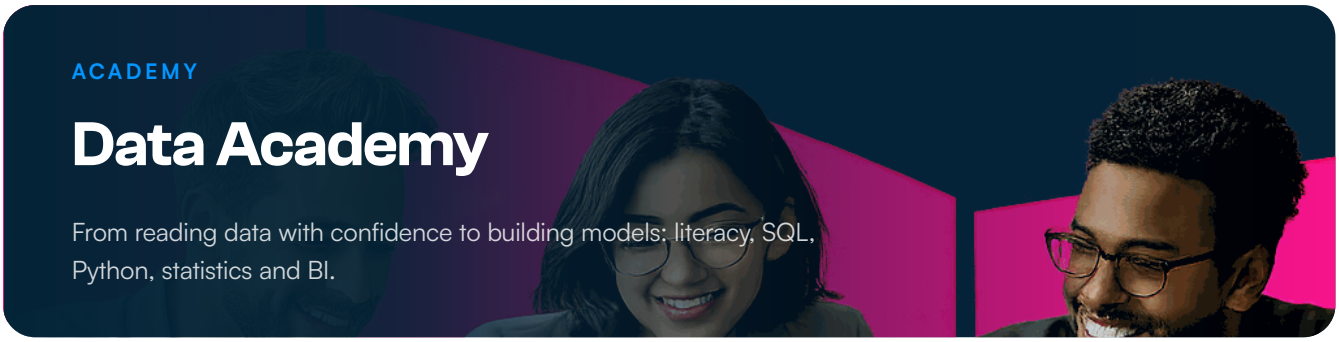

AI Strategist

Sets AI direction. Strategy, governance and long-term vision.

ACADEMY

Data Academy

From reading data with confidence to building models: literacy, SQL, Python, statistics and BI.

The Data Academy builds a common language for data across the business. It starts with data literacy, ethics and communicating with data, moves through hands-on Excel, visualization and storytelling, and progresses to SQL, Power BI, Tableau, Alteryx, statistics and Python. Four personas take learners from confidently reading data in a meeting to building the analysis everyone else relies on.

THE PERSONAS

FOUNDATION

Data Citizen

Reads and challenges data with confidence in any meeting.

OPERATOR

Data Associate

Everyday operator. Strong with spreadsheets and presentations.

BUILDER

Data Wrangler

Technical builder. Cleans and shapes data with SQL and BI.

SPECIALIST

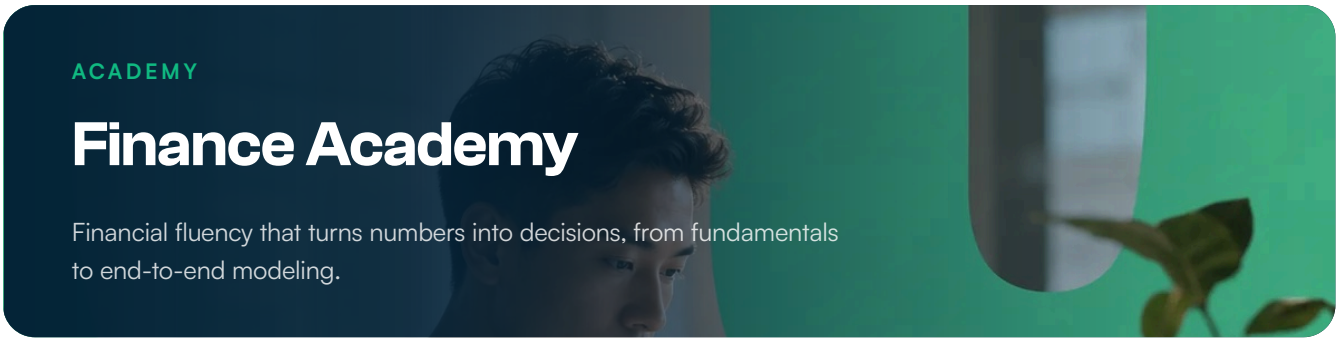

Data Analyst

Deep specialist. Statistics, Python, ML and storytelling.

ACADEMY

Finance Academy

Financial fluency that turns numbers into decisions, from fundamentals to end-to-end modeling.

The Finance Academy develops the analytical toolkit of a modern finance team. Learners master Excel from first principles to Power Pivot, Power Query and advanced analysis, build reporting and dashboards in Power BI and Tableau, extend into SQL and Python, and progress to finance fundamentals and end-to-end financial modeling and valuation. Three personas span the journey from Excel-literate contributor to FMVA-aligned modeler.

THE PERSONAS

FOUNDATION

Finance Apprentice

Excel-literate contributor. Confident on a finance team from day one.

OPERATOR

Finance Analyst

FP&A and dashboard builder. Power Pivot, Power BI, Tableau.

ACADEMY

Project Management Academy

Role-calibrated project fluency across predictive, agile and hybrid delivery, aligned to PMI's CAPM outline.

The Project Management Academy formalises how teams deliver. It covers project fundamentals, roles, planning and delivery approaches, adaptive and agile methods, and business analysis, mapped to the four domains of PMI's CAPM Examination Content Outline. Three personas serve everyone on a project: the member contributing to delivery, the candidate running projects and preparing for CAPM, and the champion who commissions and sponsors the work.

THE PERSONAS

FOUNDATION

Project Member

Foundational fluency. Confident on project teams from day one.

OPERATOR

PM Candidate

Hands-on delivery. Runs predictive, agile and hybrid projects.

LEADER

Project Champion

CAPM-aligned. Comprehensive across all four PMI domains.

THE KUBICLE TECH STACK

A full learning tech stack to drive and *measure* your program.

Manage learning groups

Bulk user import, cohort campaigns with reminders, and persona-tagged learner directories.

Skill assessments

Persona-led benchmarking with pre and post-program evaluations and gap diagnostics to measure capability.

Semesterised learning

Fixed-term blocks with deadlines and milestones instead of open-ended course buffets.

Custom path builder

Drag-and-drop course sequencing with reusable role templates and versioning.

Blended programs

Instructor-led, virtual, self-paced and project-based learning in a single view with unified reporting.

Reporting & analytics

Dashboards tracking engagement, completion, skill gain and ROI by persona and cohort.

Learner experience & AI

5-minute lessons, 50-minute courses with practice files and projects, plus instant AI project grading with targeted feedback.

Security & customisation

ISO 27001 certified and GDPR compliant with SSO / MFA, white-labeling, role-based paths and native LMS integrations.

DIPLOMAS, CERTIFICATES & CREDENTIALS

Learning that *counts*, and is recognised.

Every Kubicle course is accredited and credit-bearing. Learners earn shareable diplomas and certificates as they progress, and pathways build toward recognised external credentials.

Accredited content

Content accredited by CPD, CPE and NASBA, so every course carries the CPD / CPE credits shown throughout this catalog.

Shareable diplomas

A certificate for every course and pathway, shareable on LinkedIn the moment it is earned and countable toward continuing professional development.

Exam readiness

The Project Management library covers PMI's full 23-hour CAPM® education requirement today, with PMP® coverage coming soon.
